Attachments

TelAlaska Cellular, Inc.

100: Service Quality Improvement Reporting

112: Annual progress report pursuant to 47 CFR 54.313(a)(1).

TelAlaska Cellular, Inc (TCI) is an ETC designated by the Regulatory Commission of Alaska. TCI attaches the annual progress report to its 5 year network deployment plan submitted to the Regulatory Commission of Alaska.

113: Maps detailing progress towards meeting plan targets.

Maps detailing the newly deployed service areas reflect progress towards meeting the plan targets and are shown below in this document.

114: Report how much universal service (USF) support was received.

		SUPPORT AMOUNT RECEIVED 2012
1	Federal High Cost Loop Support	\$325,478
2	Federal Interstate Common Line Support	\$484,325
3	Federal Local Switching Support	\$379,191
4	Federal Lifeline/Linkup Support	\$57,372
5	State Lifeline/Linkup Support	\$5,415
6	Total Federal and State Universal Service Support	\$1,251,781

115-117: How (USF) was used to improve service quality/overage/capacity.

TCI utilized universal service funds received in 2012 for the provision and maintenance of the core services for which the support is intended. TCI has installed cell towers and deployed its cellular services using Lemko Corporation's Node1™ and Node2™ as its wireless switching platform with the DBS3900 GSM base transceiver stations (BTS) for the local radio access network. See Exhibit B attached. TCI also uses universal service funds as a reduction to its basic area service costs thereby keeping its services available at just, reasonable, and affordable rates pursuant to the universal service goals as set forth in the Telecommunications Act at Section 254 (b) (3).

118: An explanation of network improvement targets not met in the prior calendar year.

In its prior year, 2011 State ETC report, TCI had provided revised targets towards its Network Deployment plan. Those revisions identified 5 locations that it expected to deploy facilities-based wireless service during this 2012 reporting period. TCI was able to meet its expectation to deploy facilities-based wireless service in the communities of Elim, Little Diomed, Golovin, Wales, and White Mountain. TCI was able to further meet its network deployment plans by upgrading its GSM System in UnAlaska.

In the Seward, Moose Pass and Cooper Landing exchange areas, TCI had been providing roaming through a direct agreement between TCI and AT&T Mobility and was working to negotiate a Mobile Virtual Network Operator (MVNO) agreement in 2013. TCI received the MVNO authorization from AT&T Mobility on November 26, 2012. With this MVNO, TCI will install its own wireless switches and provide roaming services on AT&T Mobility's network for Seward, Moose Pass and Cooper Landing subscribers. TCI expects to install switches in the Seward, Moose Pass and Cooper Landing exchange areas in the 3rd quarter of 2013.

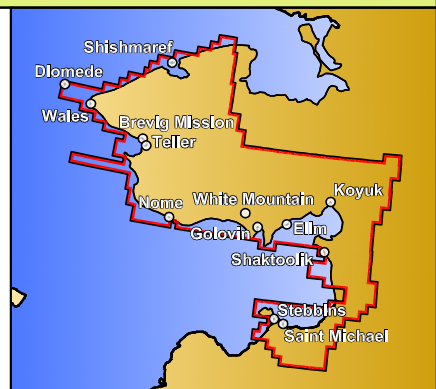

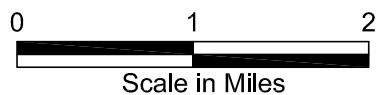

There are no revisions expected at this time to the previously filed revisions to TCI's network deployment plans.

TelAlaska Cellular, Inc.

500: Service Quality Standards & Consumer Protection Rules Compliance

510: TelAlaska Cellular, Inc certifies that it is in compliance with applicable consumer protection and service quality standards as set forth in Alaska Administrative Rules 3 AAC 53.450 and consumer protection rules as defined in 47 CFR Part 64 Subpart U, Customer Proprietary Network Information and the Federal Trade Commission Red Flag rules to prevent identity theft. A manual for each of those programs is in place and is part of the employees' handbook. Employee training is conducted and new hires are instructed on the programs as required by their job functions.

TelAlaska Cellular, Inc.

600: Functionality in Emergency Situations

610: TelAlaska Cellular, Inc (TCI) certifies that it has and will continue to take steps to remain functional in emergency situations in compliance with requirements set forth in 47 CFR 54.202(a)(2).

TCI provides cellular service in 20 communities. It uses a switch from one manufacturer (vendor) to provide the service. The manufacturer is Lemko. It utilizes distributed switching systems that will allow for continued local calling even in the event of a satellite link failure. All switches have a minimum eight hours of battery backup power to all network equipment. 7 switches have a backup generator which will provide power indefinitely. It provides an independent network throughout the study area that offers redundancy and promotes public safety in the event of a public emergency. As the affiliate of the incumbent local exchange carrier, TelAlaska Cellular, Inc. has a strong presence on the ground throughout the designated service area. The wireless systems comply with all state and federal 911/E911 requirements and works with each community to meet its unique 911 requirements.

920: Tribal Engagement Document

Tribal lands in Alaska are defined differently than what typically is used to describe tribal lands and tribal authority in the contiguous 48 States. Alaska Native Regions were not carved out of existing reservations and occupy a different legal status than allotments which are defined as Indian Country under 18 USC Sec. 1151. They include all Alaska Native Regions established pursuant to the Alaska Native Claims Settlement Act. (ANCSA), 43 U.S.C Sec. 1601. ANCSA lands do not qualify as Indian Country. This Act extinguished the Alaska tribes' aboriginal title to land, while creating village and regional corporations that received title to certain lands within 12 geographic regions of the state. The shareholders of those ANCSA corporations are primarily tribal members and their descendants. The ANCSA regions consist of the entire State of Alaska and are defined as tribal lands.

TelAlaska, Inc. subsidiary, TelAlaska Cellular, Inc. (TCI) was designated as an ETC by the Regulatory Commission of Alaska. It provides wireless cellular service to the study areas of Interior Telephone Company and Mukluk Telephone Company, Inc. The communities served are: Cold Bay, Cooper Landing, Fort Yukon, Galena, Iliamna, King Cove, Port Lions, Sand Point, Seward, Moose Pass and Unalaska, Elim, Golovin, Koyuk, Little Diomed, Shaktoolik, Shishmaref, St. Michael, Stebbins, Teller/Brevig Mission, Wales, White Mountain and Nome. These remote and very rural Alaskan communities are spread across a large area of the State: from 800 miles west of Anchorage on the Aleutian Islands, to over 400 miles north of Anchorage near the Arctic Circle on the Yukon River, on the Seward Peninsula and an island in the Bering Sea in western Alaska

921: Needs Assessment and Deployment Planning with Focus on Anchor Institutions

TCI strives to work in conjunction with its Alaskan Native community leaders and anchor institutions to assess, plan and deploy telecommunication facilities in its exchange service areas. During 2012, TCI undertook the following steps to communicate with its Alaskan Native community: In late September 2012, TelAlaska assembled a list of native leaders, with contact information for all of federally recognized tribes in TCI's serving areas from the Federal Register, dated Friday Aug. 10, 2012. It drafted a letter describing the Tribal Government Engagement Obligation as reported in the July 19, 2012 FCC Public Notice. That letter, along with a self-addressed, stamped response card inviting native leaders to join TelAlaska at the annual Alaska Federation of Native (AFN) convention, was mailed to all leaders of the federally recognized tribes in our serving areas on September 25, 2012. The letter described the tribal engagement, and opened a dialogue with the local leaders. The post card invited members of the organizations to join us in our hospitality room at AFN on Oct. 19 or at two tables reserved at AFN's President's Awards honor Luncheon. On Oct. 18, 2012 TelAlaska sponsored the Tribal Leader's Luncheon held at Alaska Native Heritage Center held in conjunction with AFN. Brenda Shepard, CEO, gave luncheon remarks, an information sheet describing the Tribal Government Engagement Obligation, a response card, and a business card with Ms. Shepard's name and contact information, and a specific email address. A sign-up sheet was provided at the entrance for anyone interested in attending the AFN President's Awards Honor Luncheon and

hospitality suite on Oct. 19. On Oct. 19, 2012 TelAlaska hosted a hospitality room prior to the AFN Awards Honor Luncheon. Leaders of our organization, including Brenda Shepard, CEO, Jim Mathe, Network Manager, Al Lynch, Technical Sales Manager, Kimberli Thompson, Technical Sales Consultant, Celine Kaplan, Marketing Associate, and Heather Morinitti, Executive Assistant were all present. We also hosted two tables at the President's Awards Honor Luncheon. On Dec. 19, 2012 a second letter with return card was drafted, and sent Certified Mail to all 23 native leaders. Twenty receipts were received.

922: Feasibility and Sustainability Planning Tribal Land Network

See narrative response to 921.

923: Marketing Services in a Culturally Sensitive Manner

TelAlaska Cellular, Inc. staff has strived to devise marketing strategies that are culturally sensitive. Given that all of TCI's customers reside on Alaska Native Region lands, the intent of its marketing strategy is to appeal to, and be appropriate for, Alaskan Natives. TCI management and staff have attended regularly scheduled monthly community events and meetings. In addition, TCI staff work directly with local leaders and residents in the communities, which keeps TCI's marketing message continually fresh, relevant, and sensitive to the culture of those currently served and to be served in the future. Marketing materials also feature photos of Alaska Native families rather than purchased images from stock photo companies.

924: Rights-of-Way Processes

TCI obtains Right of Way permits from the State of Alaska, Federal agency or tribal organization which has the legal ROW authority over these lands. Local village administrations are also contacted as applicable before accessing roads, easements or private property, informed of the intended project and offered opportunities for feedback. TCI engineers design plans to ensure total compliance with all Right of Way permitting requirements.

925: Compliance with Land Use Permitting Requirements

TCI complies with all federal, state and/or local land use permitting requirements as applicable. There are no known specific tribal permitting requirements. As a component of its telecommunications infrastructure deployment planning process, TCI communicates with local village council representatives to inform them of planned land uses, provides a map of the impacted areas, offers opportunities for feedback and if applicable, obtains a letter of non-objection for placement of network facilities.

926: Compliance with Facility Siting Rules

TCI works to ensure that all required facility siting rules, federal, state, and other are completed to the satisfaction of these governmental authorities and consistent with the needs of the Alaska Native communities.

927: Compliance with Environmental Review Processes

TCI works to ensure that all required environmental assessments, federal, state, and other are completed to the satisfaction of these governmental authorities and consistent with the needs of the Alaska Native communities.

928: Compliance with Cultural Preservation Review Process

As an Alaskan company, TCI has the highest sensitivity regarding preserving the cultural integrity of the land. Understanding that Alaska native lands are rich with artifacts and ancient burials, TCI ensures that applicable cultural preservation requirements are always followed.

929: Compliance with Tribal Business and Licensing Requirements

N/A. TCI complies with all business and licensing requirements of the State of Alaska.

TelAlaska Cellular, Inc

1200: Terms and Condition for Lifeline Customers

TelAlaska Cellular, Inc provides wireless voice telephony service to eligible Lifeline subscribers.

1221: Information describing the terms and conditions of the wireless voice telephony service offered to Lifeline subscribers by TelAlaska Cellular, Inc are available on TelAlaska's website as shown in the copy below.

1222: TelAlaska Cellular's Lifeline plan offers Unlimited local calls and calls placed to and from communities within the TelAlaska Cellular Network.

1223: Any additional charges for calls (to include toll calls, roaming, and texting) placed under TelAlaska Cellular's Lifeline plan are identified on TelAlaska's website as shown in the attached copy.

TelAlaska

Cellular

Lifeline Plans

Individuals qualifying for the Lifeline assistance program may choose cellular phone service from TelAlaska for no monthly fee.

TelAlaska Cellular's Lifeline service plan provides:

- Unlimited local calls and calls placed to and from communities within the TelAlaska Cellular Network
- One FREE, high quality cell phone
- 400 Long Distance Minutes per month, in-state and out-of-state calling
- Voicemail and Calling Features
- FREE nationwide unlimited text messaging plan (a \$5.99 value)

Plan does not include "roaming" (long distance calls placed when you travel outside the TelAlaska Cellular Network). Roaming is 25¢ per minute. Long distance calls that exceed 400 minutes per month are 25¢ per minute. Monthly long distance allotments are calculated from the 24th of the month through the 23rd of the following month.

Lifeline is a government assistance program and documentation from one of these services is required for enrollment.

- Supplemental Security Income (SSI)
- Supplemental Nutrition Assistance Program (SNAP), formerly known as Food Stamps
- Medicaid
- Federal Public Housing Assistance
- Low Income Home Energy Assistance Program (LIHEAP)
- Bureau of Indian Affairs General Assistance
- Tribally-administered Temporary Assistance for Needy Families (TANF)
- Head Start Programs (only those meeting its income qualifying standard)
- National School Lunch Program (free meals program only)
- *NEW* You can now qualify if your income is at or below 135% of the Federal Poverty Guidelines.

Eligible customers may apply for Lifeline using this application: [Lifeline and Linkup Application](#).

For assistance in determining if there is more than one household at your residence, please complete this worksheet: [Lifeline Household Worksheet](#).

Notice to new and existing TelAlaska Cellular customers regarding the addition of the language below to our terms and conditions:

NOTICE TO NEW AND EXISTING SUBSCRIBERS REGARDING TRANSMISSION OF WIRELESS EMERGENCY ALERTS (Commercial Mobile Alert Service): TELALASKA CELLULAR presently does not transmit wireless emergency alerts. Notice required by FCC Rule 47 C.F.R. § 10.250 (Commercial Mobile Alert Service).

If you should have any questions regarding your service or this amendment to the terms and conditions, please call us at 1-877-478-2305.
